'Why Choose Carolina Shade Sails?'

- ☀️ **Fabric:** Sunguard Shade Cloth® is strong, vibrant, and durable. The high-density polyethylene fabric with UV additives is Raschel knitted to ensure stability and a consistent shade pattern.
- ☀️ **Thread:** PTFE (polymer) thread used for stitching is guaranteed not to rot due to UV exposure or other environmental causes.
- ☀️ **Corners:** Reinforced, heat-sealed with vinyl interfacing sewn between layers.
- ☀️ **Cable & Fasteners:** Tensioning cable is galvanized steel; fasteners are commercial grade stainless steel.
- ☀️ **Modular Design:** Structures are designed to be interconnected to form infinite lengths of shade.
- ☀️ **Quick & Easy Cover Removal:** No special tools required. Just loosen the turnbuckles or u-clamps with a standard wrench and you're done!
